

# JULY

# 2025

## July at the Library!

Happy summer! Hopefully you're getting plenty of time out in the sun and also at your favorite local library! We've got plenty to do inside and outside this month.

We of course have our normal activities, like mahjong, canasta, and our movie matinee, occurring several times a week. And don't forget about our book clubs! There are some fascinating stories to be read in July, full of mystery and history.

There's also plenty of activities for the kids to look forward to-- we've got something going on every day this month! Take a look at our calendar and the "Color Our World" pages for more details.

In fact, we have a special event for children and teens alike to attend: our Fairy Garden Crafting Session! This will be a fun outdoor crafting session, where at the end you can take home your own little fairy garden. ✨

Also another reminder that our Fall Gala is coming up this September at the John James Audubon Center. To learn more, watch our video [here](#). Attending helps support the library and gives you a chance to celebrate!

Thank you for supporting us; we love our community!

# FYZICAL®

## Therapy & Balance Centers

**Join us for a FREE seminar on Balance and Vestibular Therapy on August 6, 2025 from 4 pm - 6 pm!**

**How often do you or your loved ones report dizziness or balance problems?**

- Vertigo and dizziness rank among the primary reasons adults visit their doctors. Diagnosing and treating them can be challenging due to their diverse underlying causes.
- In 80% of cases, dizziness originates in the vestibular system. This is often due to a phenomenon called sensory mismatch. This happens when patients use incorrect sensory strategies for balance, such as relying too much or too little on vision or surface cues.

### **FYZICAL's Approach to Vestibular Rehab Therapy**

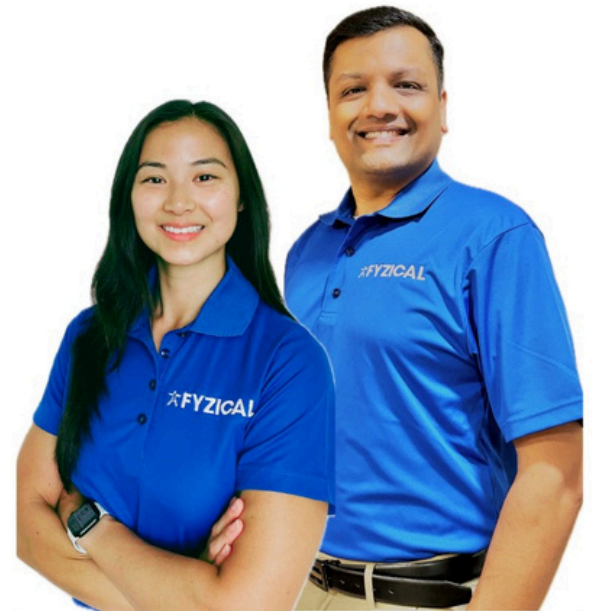

At FYZICAL Therapy & Balance Centers, our physical therapists are trained in a proprietary clinical treatment algorithm called the **FYZICAL Balance Paradigm (FBP)**. Designed by specialists at FYZICAL, the FBP consists of three evidence-based frameworks: theoretical, conceptual, and progressive.

**FYZICAL's Theoretical Framework:** Physical therapists pinpoint and categorize the sensory mismatch into one of six cases through a series of evidence-based tests.

**FYZICAL's Conceptual Framework:** Physical therapists employ FBP framework to classify VRT exercises into distinct stages, ensuring accurate monitoring and sequencing.

**FYZICAL's Progressive Framework:** This framework guides our clinicians with the most efficient and effective set of exercises for optimal outcomes and often resolution of your client's dizziness.

## Summer 2025 ASL Classes

### General Class Information

We are thrilled to share our latest non-credit offerings with you! We have several in-person and virtual options for children, teens, and adults.

Each level meets for a total of 20 hours over ten weeks unless otherwise stated. The cost for one ten-week course is **\$200**. Our Level 1 classes utilize the textbook *A Basic Course in American Sign Language (ABC) - Second Edition*, which can be purchased separately from Amazon, eBay, or [www.diglo.com](http://www.diglo.com). The textbook costs approximately \$40 to continue for Levels 2, 3, and 4 in the future. For our Levels 3 and 4 classes, we use the textbook *ASL at Work*. This textbook can be purchased separately for \$75 by emailing [asl@dhcc.org](mailto:asl@dhcc.org). All classes are presented in ASL and taught by Deaf individuals. Classes are for students age 18 or older unless otherwise stated.

DHCC reserves the right to cancel and/or combine classes due to insufficient enrollment on the date of the deadline. DHCC will only run a class if the paid enrollment minimum is met by the deadline. No refunds will be given after the first night of class.

If you have any questions, reach out to [asl@dhcc.org](mailto:asl@dhcc.org) to inquire. We hope to see you this summer!

**Registration must be submitted by Thursday, July 3, 2025**

**If you are unable to register for any reason, please contact us at [asl@dhcc.org](mailto:asl@dhcc.org) or (484) 206-7896**

**TELL CONGRESS:**

# PROTECT LIBRARY FUNDING

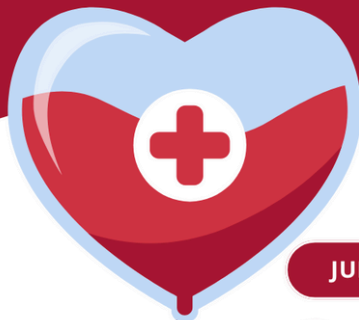

Federal funding supports essential services at NORTH WALES AREA LIBRARY, including:

- Access PA/POWER Library (partial federal funding, also includes Library Access funds)
- Federal Funds for basic library functions including: internet, books, and programming.
- End of digital resource availability through apps like Libby

Those services are in jeopardy if federal funding is eliminated. Contact your Senators and Representative and urge them to save federal funding for libraries.
